## **TERMS:**

### *Allocation Policy*

In the event that orders exceed supply, plants are allocated according to an established priority system among those whose orders are confirmed by the order due date. Orders are confirmed upon receipt of a signed order form. Any extra plants are sold on a first-come, first-served basis.

### *Order Pickup at the FPS facility*

Due to space and labor limitations, we request that plants be picked up within 2 weeks of the date that they are ready. FPS reserves the right to assess customers a fee for maintenance of plants that are not picked up after 2 weeks.

### *Packing and Shipping Fees*

For orders that are shipped to customers, a packing fee of 10% is added for orders within the U.S.; Shipping fees are charged at actual cost to FPS. Buyer assumes risk of loss during shipment. Additional fees may be added for documentation or testing required by destination.

### *Cancellations and Changes*

Because FPS materials are custom prepared for each customer, cancellations are not accepted once plants have been started. Additions to orders will receive allocation priority according to the date they were added.

### *Phytosanitary Documentation*

Customers will be charged at actual cost for any needed quarantine compliance certificates.
